WORK EXPERIENCE

XSPACES | SR.FRONTEND DEVELOPER

Noida,U.P | May 2022 – Present

- Demonstrated proficiency in front-end technologies including HTML, CSS, and JavaScript frameworks such as Vue.js and React.js.
- Interacted with clients to gather requirements, provide technical solutions, and incorporate feedback to deliver high-quality front-end solutions aligned with client expectations.
- Stayed updated with emerging front-end technologies, tools, and trends through self-learning, attending workshops, and contributing to knowledge sharing sessions within the team.

PROVAB TECHNOSOFT | SR.WEB DEVELOPER

Noida,U.P | June 2021 - May 2022

- Designed and developed responsive, cross-browser compatible user interfaces adhering to modern design principles and best practices.
- Integrated RESTful APIs and GraphQL endpoints into front-end applications, ensuring seamless data retrieval and state management using libraries like Axios or Apollo Client.
- Optimized front-end performance by implementing techniques such as code splitting, lazy loading, and caching mechanisms to enhance page load times and user experience.

SOFTWAY TECHNOLOGIES | FRONTEND DEVELOPER

Noida,U.P | May 2019 – May 2021

- Developed responsive web applications ensuring compatibility across various devices and screen sizes, leveraging CSS frameworks like Bootstrap or Tailwind CSS.
- Assisted in the implementation of front-end components and features, collaborating closely with senior developers to ensure alignment with project requirements and industry best practices.
- Participated in code reviews and debugging sessions, gaining valuable insights into coding standards and optimization techniques. Supported the integration of third-party APIs and libraries to enhance application functionality and performance.

SKILL QUOTIENT | JR.FRONTEND DEVELOPER

Noida,U.P | Jan 2018 – May 2019

- I specialize in Frontend development(VueJS, Vuex, HTML,CSS,React.js,Nuxt.js)crafting seamless database interfaces and user experiences. I excel in web development, including theme customization, plugin creation, and training.
- Proficient in Fast-commerce maintenance and integrating external services like payment and delivery solutions.
- Collaborated with a team of developers, designers, and stakeholders to gather requirements and deliver features on time

PROJECTS

EVENT MANAGEMENT PLATFORM

JAVASCRIPT, TYPESCRIPT, VUEJS, VUEX, HTML, CSS, MONGODB,

DOCKER, AWS

Created a frontend for an event management platform using React.js/Vue.js, enabling organizers to plan, promote, and manage events efficiently. Implemented features such as event listing, registration forms, ticketing, and attendee management. Integrated with third-party APIs for payment processing, event notifications, and social media sharing.

FITNESS TRACKING APPLICATION

REACT.JS,ANGULAR,SOCKET.IO,JAVASCRIPT,MONGODB,EXPRESS.JS

Developed a web and mobile-friendly application for users to track their fitness activities, set goals, and monitor progress over time. User Authentication: Secure login and registration. Activity Tracking: Log workouts with details such as type (running, cycling, weightlifting), duration, distance, and intensity. Progress Visualization: Display charts and graphs showing workout history, calories burned, distance covered, and other metrics. Goal Setting: Set fitness goals (e.g., weight loss, muscle gain, running distance) and track progress towards those goals. Social Features: Share workouts,

achievements, and progress updates with friends. Responsive Design: Ensure seamless experience across devices (desktop, tablets, smartphones).

EDUCATIONAL PLATFORM

AVAScript, TypeScript, VueJS, Vuex, HTML, CSS, MongoDB, React, JS

Built an educational platform that offers online courses, quizzes, and user progress tracking. The platform is designed to be user-friendly and accessible to learners of all ages. Implemented course enrollment, progress tracking, and quiz features. Integrated with Firebase for user authentication and data storage. Developed a responsive and accessible user interface. Achieved a 95 percent user satisfaction rate with a user-friendly interface. Increased course completion rates by 20 percent with engaging quizzes and progress tracking.

SOCIAL MEDIA DASHBOARD

React.js, JavaScript, TypeScript

reated a social media dashboard that aggregates and displays data from various social media platforms. The dashboard includes data visualization features and real-time updates. Developed a responsive user interface with dynamic data visualization. Integrated with APIs from multiple social media platforms to fetch data. Implemented real-time updates to display the latest social media metrics. Improved data load times by 40 percent with efficient API handling and caching. Enhanced user engagement with interactive and real-time data visualizations. Successfully handled large volumes of data with optimized performance.

SKILLS

Languages: JavaScript, HTML5, CSS, TypeScript, Sass/SCSS, GraphQL, Markdown, XML

Web Development: React, JavaScript, TypeScript, HTML/CSS, MongoDB, SQL, Algorithms, ReactNative, Javascript, Vue.js, Nuxt.js, Angular, Mo

Technology: Git, VS Code, Jira, Webpack, Eclipse, Bitbucket, Jenkins, CircleCI, Kubernetes, Aqua Security
